

CONSTRUCTION SUPERVISION AND CQA SERVICES

With Egniol having many years experience in the field of construction supervision and Construction Quality Assurance (CQA), our clients can be assured that our project managers and construction supervisors will ensure that work is carried out safely and in line with the specifications and client requirements.

Egniol has supervised an extensive range of construction projects with a cumulative value of many tens of millions of pounds.

WE ARE ABLE TO OFFER THE FOLLOWING COMPLEMENTARY CONSTRUCTION PROJECT MANAGEMENT SERVICES, WITH PARTICULAR RELEVANCE TO THE WASTE MANAGEMENT SECTOR:

- Preparation of CQA Plans for submission to the Environment Agency
- Production of CQA Reports on Completion of Work for submission and to gain approval & acceptance from the Environment Agency
- Topographic check surveys to audit payment information and provide quality assurance
