

# HEALTH AND SAFETY CONSULTANCY

egniol

Good health and safety practices form the foundation of a well run and efficient business and are also essential to demonstrate legal compliance. Egniol offers a range of health and safety services which include preparation of company health and safety management systems, policies and procedures and CDM consultancy services.

We can provide companies with access to the 'competent person' they need to manage their health and safety as required by the Management of Health and Safety at Work Regulations 1999 and, with particular expertise in the construction health and safety, assist Clients as their CDM Advisor to ensure compliance with the Construction (Design and Management) Regulations 2015 and carry out the role of Principal Designer.

Our services are tailored to provide practical solutions to your health and safety requirements to help develop and improve health and safety performance and culture.

## CONTRACTOR HEALTH AND SAFETY ASSESSMENT SCHEME

We also have an in depth knowledge of the Contractor's Health and Safety Assessment Scheme (CHAS) which is established as the market leader for health and safety pre-qualification in the UK; particularly for inclusion on Local Authority contractor lists.
